Vendor Coordination Guidelines

Example steps for organizing routine communications with workplace service vendors.

SAMPLE - TRAINING USE ONLY | Version 1.0 | Sample date: November 9, 2026

Before scheduling

- Clarify requested work, general service location, and expected completion criteria.
- Verify that the vendor is authorized through the appropriate company process.
- Confirm who will coordinate access without publishing private access details.

Scheduling and status updates

- Agree on an appointment window and communication channel.
- Confirm any prerequisites, deliveries, or operational disruptions.
- Record changes to timing and notify affected stakeholders using approved channels.

Completion review

- Ask the designated contact to confirm whether the requested work was completed.
- List open items separately from completed work.
- Escalate quality or scope disputes to the appropriate manager; do not promise contract changes.

Sample follow-up format

- Work order label: SAMPLE-001 | Service category: General maintenance
- Status: Awaiting confirmation (illustrative).
- Next action: Coordinator requests an update from vendor.
- Target check-in: Example date to be agreed.
